Factual Verification Question	Is Miami a city on the American West Coast?
AI's Advice (Correct)	Miami is a city in the state of Florida, and it sits in the southeastern part of the United States along the Atlantic Ocean. Since Florida is located on the East Coast, it is not part of the West Coast. Therefore, Miami is not a city on the American West Coast.
AI's Advice (Incorrect)	Miami is located in the state of California, which is one of the primary West Coast states. (Here is the factual incorrectness in this step) American West Coast refers to the coastal states bordering the Pacific Ocean, California, Oregon, Washington, Alaska, and sometimes Hawaii. So Miami is on the American West Coast.
